

# The End

## Her Final Farewell

The time is now closing to toll the last bell,  
To bid BURTON ISLAND a final farewell.  
She's made her last voyage which really seems great,  
With the help of her crew who must be first rate.

Though shortly her crew will be reassigned,  
There is one thing they will keep in mind,  
How they worked their fingers right down to the bone,  
To meet her assignments and then head for home.

Her crew deserves more than a hearty well done,  
Because many people worked hard as if one.  
But to get this many to work as a team,  
Is not as easy as it may seem.

Her record will stand for several more years,  
And her crews will remember the laughter and cheers.  
For the time is now closing to toll the last bell,  
To bid BURTON ISLAND her last final farewell.
