

CDR H. G. HOLMGREN, USCG

## Commanding Officer

MINNETONKA's deployment to Southeast Asia commenced on 17 December 1967 and ended on 17 October 1968. During this ten month period we travelled over 60,000 miles, and visited many interesting ports. Our Market Time Patrols were often monotonous, but sometimes extremely exciting, as when we encountered the enemy trawler. Whatever the assignment, the MINNETONKA did the job, and did it well. Each man can feel justifiably proud of his individual contribution in making the MINNETONKA an outstanding ship of the line.
